COMPLIANCE

The group of affiliated Bouchard Companies is an international organization providing services to clients engaged in development, private industry, regulated industry, and government.

We excel at complex projects involving multiple regulatory jurisdictions, time and cost sensitive entitlement requirements, challenging regulatory compliance scenarios, infrastructure development, and unique stakeholder communications needs.

Our mission is to provide our clients with world class services that result in exceptional project quality, adherence to schedules, and financial performance.

The affiliated Bouchard Companies operate through two business entities: W.L. Bouchard & Associates, Inc. with headquarters in Scottsdale, AZ, and W.L. Bouchard de México, S. de R.L. de C.V. with headquarters in Hermosillo, Sonora. The Bouchard Companies have additional offices in Ensenada, Baja California, and Tucson, AZ.

The Bouchard Companies' cross border operating structure allows us to seamlessly integrate our services across state and international borders, as needed. We have over 40 professionals on staff across our offices in Mexico and the U.S. to help us meet the needs of our clients.
